ACE ASSESSING SERVICES

RESUME : STEVE MARSHALL

After qualifying as a panel beater in 1978, I moved to Australia from New Zealand and commenced work for Paramotors Repair division in Perth in 1979, through to 1983.

Paramotors then changed to John Hughes Skipper Mitsubishi Panel and Paint (in West Perth) and I remained with the Company until August 1993. During this time I was a panel beater for four years, followed by 6 years as Panel Shop Manager. This entailed the supervision of eight staff, quoting, parts control/ordering, Customer Service and Quality control.

In 1993 I transferred within the John Hughes Group to Titan Ford Panel and Paint as General Manager. Here I supervised 15 staff, quoted, parts control/ordering, Customer Service and Quality Assurance.

I became a self employed assessor in August 1995, assessing damaged motor vehicles (cars, motorcycles, caravans, trucks and buses) for various Insurance Companies.

I consider myself well known and highly regarded in the industry in Western Australia.

Institute of Automotive Mechanical Engineers

ACE ASSESSING SERVICES

RESUME : CARYL GORMLIE

I commencing employment with the Commonwealth Bank at head office in Adelaide, in 1974, working in customer service positions until a move to Perth in 1977.

At various branches around the metro area in Perth, I worked in positions including telling, customer service, clerical and loans assistant. Relief positions I filled included Supervisor and Service Centre Manager.

In 1987 I successfully applied for a permanent Supervisor position which I held for 3 years. This entailed supervising up to 10 staff, Customer Relations, Cash Control, Reporting and Finance Lending.

1990 saw me receive a promotion to Senior Supervisor, with similar duties to Supervisor.

I resigned from the Bank in 1992 to start a family.

In August 1995 partner Steve Marshall became an independent assessor, and I took on the position of Office Administrator, of what has become a successful, well known and highly regarded assessing company.

ACE ASSESSING SERVICES

BACKGROUND IN MOTORCYCLES STEVE MARSHALL

My Road Racing career started in New Zealand (1977) and spanned 17 years until retirement in Australia (1994).

During this time I participated as a sidecar passenger and was involved in the building, developing and racing of sidecars.

I have ridden across Australia twice and driven across 14 times to road race all over Australia.

Race Tracks I have raced at :

- Bathurst (NSW) Four Times.
- Phillip Island (Victoria) Once, 1st Australian Grand Prix
- Simmonds Plains (Tasmania) Once
- Mallala (SA) Six/Seven times
- Wanneroo Race Way (WA, home track) now Barbagello Raceway, too many times to list

Career Highlights :

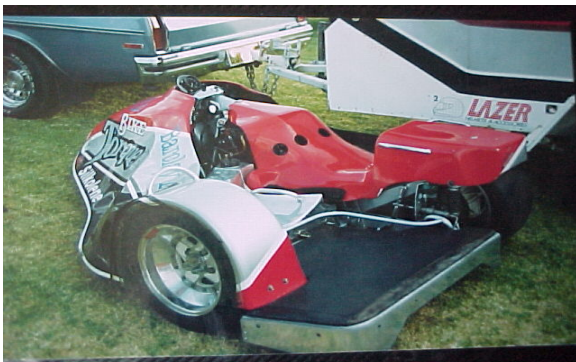

- Western Australian Sidecar Champions (Seven times)
- Runner Up twice
- Finished Third, Australian Road Race Championship, Simmonds Plains , Tasmania
- Fastest Speed at practice at Phillip Island, 1st Australian Grand Prix (220 kph)
- Clocked at 250 kph down Conrod Straight, Bathurst, NSW 1984
- Clocked at 250 kph Bunbury WA, Back Beach circuit

Technology in building Road Race Sidecars :

- Knowledge of strengths & applications of various metals, (Chrome Molly Steel, Mild Steel, Aluminium, Aircraft Alloys)
- Knowledge of welding various metals (Mig, Tig, Bronze, and Mild Steel)
- Knowledge of Fibreglass applications and manufacture (Building moulds and manufacturing product)
- Knowledge of Carbon Fibre and Kevlar applications
- Knowledge of tuning Two and Four Stroke Engines

Over the seventeen years of Road Racing we also picked up many awards for Best Prepared Sidecar, Most Consistent and many second and third placings.

I have also built all the fibreglass components connected with Road Race Sidecars for various competitors around Australia.

COMMENTS: Carried out Desktop Assessment via email images as assigned by on behave of Insurance.

I assessed and authorised repairs as per Quote # by Donnybrook Panel Beaters.

On assessment of the above vehicle I found that it had sustained damage to various areas consistent to claim. (Insured lost control on gravel road and spun off through a wire fence).

I found the Repair Quote # to be fair and reasonable and consistent to repairs to be carried out.

I will forward Final Tax Invoice from Repairer once received and checked.
